Who's up for **leveling up** in this module?

Working Professionals

Who's ready to enhanced their career by diving into the exciting world of React

Students

Who's ready to gain in-demand web development skills, boosting qualities.

Web Developers

Who have background or interest in web development will benefit.

Frequently Asked Questions

If I have any doubts or questions, will I be able to talk to Mentor for solutions and feedback?

Absolutely! Joining our live sessions with Mentor provides the ideal chance to inquire, receive feedback, and engage with fellow students in real-time. It's akin to having a dedicated communication coach tailored just for you.

Do I need prior experience in MERN technologies to attend the workshop?

No prior experience in the MERN stack is necessary. This live session is open to graduates/undergraduates, technical/non-technical students, freshers, and working professionals alike. All are welcome to attend.

Will participants receive a certificate upon completing the workshop?

Yes. All the students who attend the workshop will receive a certificate and experience from our training institute to showcase skills you earn in live sessions.
